

## **Gary P. Gould Award**

**Deadline September 30**

This award is set up in recognition of the significant contribution that Gary P. Gould has made to housing off-reserve Indigenous clients in the Province of New Brunswick through his work at Skigin-Elnoog Housing Corporation.

The scholarship is open to all off-reserve Indigenous students who are interested in pursuing a career in a housing-related field. This could be the social work, related trades, civil engineering, legal and business.

The award will consist of scholarships of \$1,000 per recipient, with three (3) to five (5) scholarships being awarded each year. A one page essay should be written to tell us a little about yourself and how your chosen field relates to social housing.
